

**CANDIDATE FOR DIRECTOR
BALDY MESA WATER DISTRICT**

NAME: BOB ALMOND

OCCUPATION: Business Man

As a resident of this community for more than twenty-seven years, I have watched the Baldy Mesa Water District experience tremendous growth. Now Baldy Mesa Water is at a crossroads and the time for close scrutiny over our water system is greater than ever. As a partner in a family owned business, I work diligently to ensure that details are not overlooked. As a water board member I will work just as hard to apply that same level of attention to the many important decisions facing the district. I believe in a conservative approach to water policies.

I am committed to three basic principles:

1. Keeping our water safe and clean.
2. Making our water affordable to everyday users.
3. Ensuring that our water is there for future generations.

I am affiliated with the International Foot printers Association, Victor Valley Chamber of Commerce, Water conservation ADHOC committee, and a member of the High Desert Church. I would appreciate your vote for me on November seventh for Baldy Mesa Water District.

Thank you,
Bob Almond
